

# Learn Like Lerato

Catalogue 2016

## Education for the future

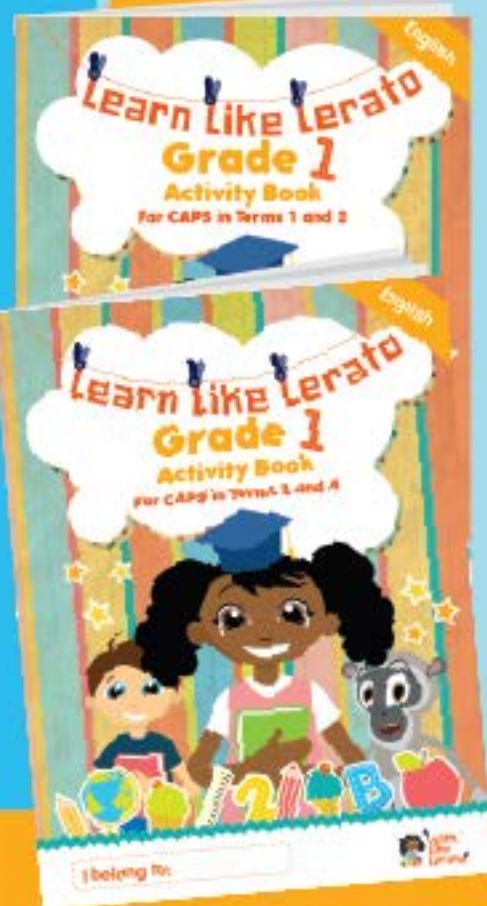

*Learn Like Lerato* is a comprehensive set of resources designed to support teachers working in the General Education and Training (GET) band of education, as well as for parents who want to make the most of their child's early development, at home. *Learn Like Lerato* is made in South Africa, by South African teachers. It is not just imported and adjusted to fit local conditions. The authors of *Learn Like Lerato* all know, and are very familiar with, the *Curriculum and Assessment Policy Statements (CAPS)*. The series is currently available in English.

## Reader SET NO.1

\*includes 5 titles

Includes these five titles and is published in English.

### Reader Heat Wave

It's a hot day in the village. Chicken and Puppy try to make lemonade, but don't know how to measure the ingredients.

### Reader The Other Side

Lerato and her friends go exploring the fields on the other side of the river. They get lost, and make a map to find their way home.

### Reader The Best Beads

Lerato tries to cheer up her friend Baby Cow by making necklaces out of beads. Baby Cow doesn't think she is creative, but learns how to make patterns.

### Reader Cockadoodle-choo!

Chicken gets a cold. When the leaves start falling from the trees, he thinks he has made the trees sick, and Lerato has to teach him about autumn.

### Reader The Abominable Tree-Thing

Giraffe is too scared to go into the forest. He thinks he has seen a monster! Lerato doesn't believe him, so she goes to the forest to discover the truth.

### Reader Sheepless

Sheep talks so much that he loses his voice, and has to learn to communicate without speaking.

### Reader Nervous Tenses

Giraffe bumps his head and starts getting his tenses wrong. He causes a lot of confusion, until Lerato works out what he's saying.

### Reader The Cupcake Thief

Someone has stolen a tray of delicious cupcakes. Lerato must use logic to solve the crime before the cupcake thief strikes again!

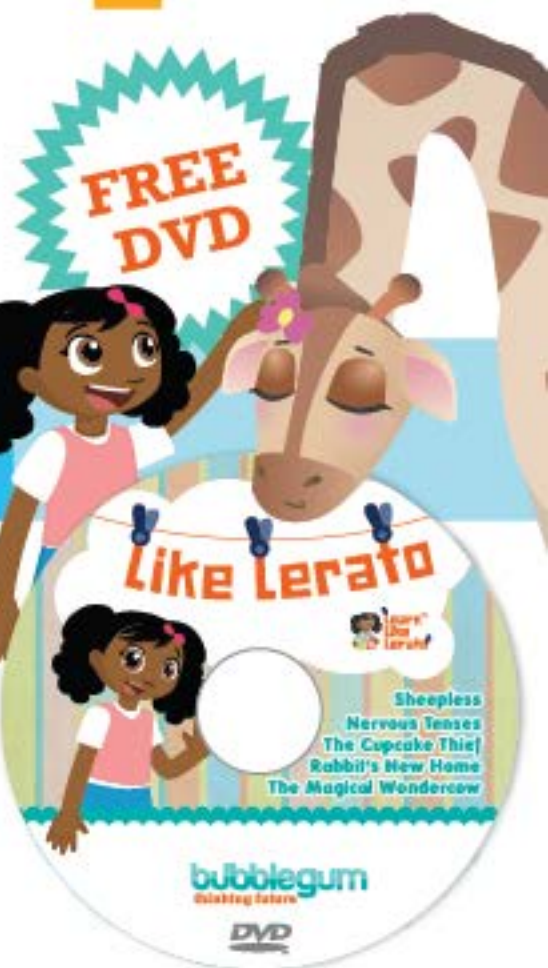

### Reader Rabbit's New Home

Rabbit's underground home collapses, and all the friends get together to build him a new one, but none of the pieces fit together until Lerato learns to measure.

### Reader The Magical Wondercow

Baby Cow wants to be more interesting and pretends to be a superhero called Magical Wondercow, but finds it hard to live up to expectations.

## Reader SET NO.3

\*includes 5 titles

### Reader I Spy

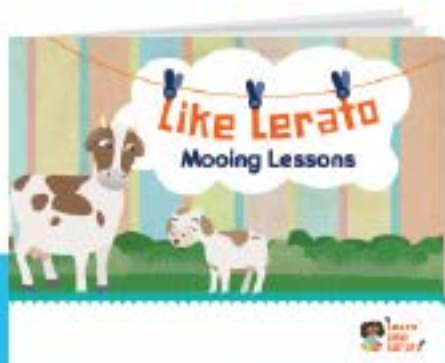

Chicken wants to play "I Spy" with her friends, but doesn't know how to spell. She tries to learn every word in the dictionary. But is there an easier way?

### Reader Artless

Rabbit tries to teach Puppy about simple shapes. Puppy is distracted and runs off, but as Lerato and Rabbit search for him, they discover that Puppy learned about shapes after all.

### Reader Late Bloomers

Lerato plants some flowers. Gogo explains that they'll take time to grow, so Lerato does whatever she can to make the days go faster.

### Reader Mooing Lessons

Baby Cow is getting ready to moo in public for the first time. She keeps on finding excuses, until Lerato works out a way to get her to practice.

### Reader Chickenville and Sheepopolis

Chicken and Sheep get into an argument and decide to split the field in two, but they can't work out a way to split it fairly.

### Reader Bananarama

Giraffe sits on Monkey's bananas, squashing them. He replaces them, but makes a mistake in maths, and Monkey gets far too many.

### Reader In Good Time

Baby Cow is worried that her mother is late, so Lerato and her friends work out a clever way to teach Baby Cow how to tell the time.

### Reader Attack of the Flowers

The flowers are blooming, and Giraffe is getting sick. Lerato can't work out why, until she discovers that he's allergic.

### Reader The One-Rabbit Show

Rabbit is organising a party just for himself, and annoys all his friends by being selfish. Lerato teaches him that things are more fun once you learn to share.

### Reader Counting Down the Storm

There's a storm in the village and all the animals are scared, until Lerato teaches them to judge how far away a storm is by counting between the lightning and the thunder.
